

## **CELEBRATING THE PUBLIC-PRIVATE PARTNERSHIPS THAT MAKE CHICAGO A MODEL CITY.**

The Chicago Architecture Foundation is proud to celebrate Chicago as a model city, by recognizing the public-private endeavors that have made our city the smart, growing, sustainable, diverse, green, vibrant, global, beautiful, planned, and working city that it is. Chicago has had the good fortune of being home to individuals who believe in their city and always strive to make it better. This year's gala recognizes the importance of this continuing public-private tradition in shaping Chicago into a model city for the world.

Since 1966, the Chicago Architecture Foundation has been pursuing its mission of teaching visitors and locals alike the story of Chicago's architecture through a comprehensive program of tours, exhibitions, lectures, and youth education programs. Chicago Architecture Foundation seeks to not only enhance the appreciation of Chicago's outstanding architectural legacy, but to also promote understanding and facilitate dialogue about the importance of the built environment in shaping the future of cities.
